

LIFE TASTES BETTER OUTDOORS

BEEFEATER BBQ HARMONY

November 2019

# BEEFEATER BBQ HARMONY

The ultimate in outdoor entertaining. Signature's alfresco kitchen range is a spacious, high quality outdoor cooking and preparation space. Designed for our BBQs to perform at their peak, creating unforgettable food and beautiful memories.

## Familiar 90cm high worktops

Prep your food just as easily outside with worktops at the comfortable standard kitchen height of 90cm.

## Made to suit our BBQs

Designed to look great and work even better, we ensure your new BBQ and glass front refrigerator will perform at their peak.

Other features:

- Quality Blum hinges and drawer runners
- Adjustable feet & recessed toe-kick for a better looking finish
- Built-in brackets that draw heat away (sold separately as accessory)

## Lasting worktops to prepare food

Premium quality quartz stone worktops are beautiful, durable, easy to clean with long lasting looks.

## Made to last for outdoor living

Carefully constructed with durable, tested marine-grade-plywood cabinets.

## Practical drawers

Our deep and wide drawers are designed to give you easy access to everything you need. *(\*Selected model)*

- 2 shelves included
- Dimension (cm): L229 x D60 x H90

*\*Built-in bracket sold separately*

## SPECIFICATION – 10 Things To Know

1. The Quartz stone worktop (and waterfall) is made up of 90% quartz grains and the rest consisted of mainly resin. This is a durable material that can withstand heavy usage, stand up against sunlight and moisture, and keeping its good look longer.
2. The area where the BBQ slot in is lined with Quartz stone to withstand very high heat radiated during cooking, protecting the cabinets from heat damages.
3. The specially designed stainless steel built-in brackets draw away heat from the BBQ (sold separately as accessory). They ensure the BBQ and fridge perform at their peak.
4. The cabinets are constructed with water resistant marine grade plywood (from the Eucalyptus tree), and finished off with easy to clean, white coloured laminates.

## SPECIFICATION – 10 Things To Know

5. The doors and drawers are made of 6mm thick Quartz stone, glued onto strong aluminium extrusion frames, for a premium look and resistant to hard knocks.
6. The drawers are fitted with premium Blum runners that extend fully for easy access to larger items.
7. Quality Blum hardware is used for doors, like the handle-less door with Blum Tip-on for hands free opening, and durable Blum door hinges.
8. Stylish and spacious under-mount kitchen sink made from 1.2mm thick, 304 grade stainless steel in satin finish (L38cm x W33cm x D15cm).
9. The 35mm kitchen mixer (brass body) in chrome finish has a handy pull-out tap. It complies to WMK & WELS approval.
10. The heavy duty cabinet feet are adjustable (up to 2cm) for fine levelling, and carry up to 100kg of load (each).
